

Lawrence are seeking to make their invention available to other major commercial vehicles on the road. Recognizing the merits of North East Wipers' product, the Maine Technology Institute recently announced it will be providing the company with a seed grant to support further development and commercialization of the wiper blades. Such capital is critical for the success of a project like this, and it recognizes the value and practicality of this unique invention. Gerard and Ray's ultimate goal is to work with a truck manufacturer on making the wipers standard equipment for its big rigs.

Maine is home to scores of groundbreaking entrepreneurs and creative thinkers, and clearly Gerard Dubois and Ray Lawrence fit that bill. I am extremely proud of the ingenuity they have demonstrated and the dedication they have shown in making their product a reality. I thank them for their inventiveness, and wish them much success in the future.●
